

# Swim Spa SERUM®

## Total Maintenance Weekly Applications Instructions:

- 1) Check your pH and adjust between 7.4 – 7.8 and total alkalinity (TA) between 80-120 PPM if necessary.
- 2) Shock the swim spa using 1/4 of a pound of Dichlor or Calcium hypochlorite shock prior to adding the Swim Spa Serum.
- 3) Add 1 ½ ounces of Spa Serum into the skimmer or filter compartment of the swim spa.
- 4) Run the swim spa pumps for 20 mins to complete a thorough circulation of the spa water to **Super Clarify** the water.
- 5) Rinse filters weekly prior to adding the Swim Spa Serum.
- 6) **This product is an extended life clarifier and bio cleaner, it is NOT a substitute for a sanitizer.**
- 7) **Swim Spa Serum is a preventative product** and over time will build a residual in the swim spa.

**FIRST AID:** If swallowed in undiluted solution, drink large amounts of water. Do Not induce vomiting. Avoid Alcohol. In case of accident or illness, seek medical attention.

**GET IT CLEAN.  
KEEP IT CLEAN.**
